What Amphitheater High School's Head Counselor says about her experience with Touch Point Connection…

"Touch Point Connection has offered Amphi High School a wonderful opportunity to collaborate and connect with our community. We have coordinated the efforts and expertise of school staff, trained professional coaches and community volunteers to develop a program to provide our students with valuable 1:1 Success Coaching.

We have regularly communicated about, trained, retooled and evolved the program to meet the needs of our students. The program recruits the highest caliber volunteers and trains them with the skills necessary to ensure a successful coaching experience for our students.

The Touch Point volunteers and staff have integrated well into our school structure. They are sensitive to our focus on academics, our schedule, the need to stager the appointments to minimize interference with class curriculum and the responsibilities of the office staff.

I believe the professionalism, attention to detail and focus on the needs of Amphi students have made Touch Point one of the most successful outside programs brought to our district. As they continue to adapt to our needs I am confident the program will remain sustainable and continue as an integral resource for Amphi students' success."

Mrs. Spiewak continues to explain why she wishes to open a Touch Point Connection Coaching Office at Amphitheater High School…

"The Touch Point Coaching Office will serve as a supplement to the services offered by the counselors and faculty and as an extension to the coaching program already in place.

Sometimes a student needs that immediate attention unavailable in a full classroom, a busy counseling office or before a regularly scheduled coaching appointment.

The Coaching Office can function as an immediate resource to help students resolve issues interfering with their ability to focus on their academics and reach their full learning potential."

- Mrs. Sandy Spiewak, Head Counselor & Freshman Counselor, Amphitheater High School, Tucson, AZ
